SUN PRINCESS
& ISLAND PRINCESS

9 NIGHT HOLIDAYS MAY-SEPTEMBER '85

Find refuge from a fast-changing world where time stands still in awe of nature's beauty. Witness this spectacular wilderness in the ultra-modern comfort of your Princess cruise ship. Our floor to ceiling windows give you a grandstand view as you glide past snow-capped mountains, vast timberlands and crystal fjords that mirror the grandeur of glaciers right at the water's edge. Cruise too, along the majestic Inside Passage, a dramatic sheltered waterway gouged from solid rock 1,000 years ago.

However, nothing can quite prepare you for the magnificence of Glacier Bay. A National Park Ranger will come aboard to discuss its many scenic wonders—breath-taking views of eagles soaring over icefields, and cascading ice floes crashing into arctic waters.

Your Alaskan ports of call reflect the colour and excitement of its frontier past—**JUNEAU**, Alaska's capital city, **SKAGWAY**, past pioneer railroad town for the Klondike and Gold Rush country. **SITKA**, with its onion domes, was once capital of

Russian America, and **KETCHIKAN**, the original home of Tlingit and Haida Indians.

From the stark grandeur of Alaska to the colourful charm of Canada, your ports of call include cosmopolitan **VANCOUVER** and scenic **PRINCE RUPERT** with its Indian heritage, Canada's gateway to Alaska.

Fly by Air Canada direct from London to Vancouver to start your nine nights Alaskan holiday where you'll stay overnight at the first class Bayshore Inn.

We've brought more people to Alaska than any other cruise line. Now it's your turn.
