# Mexican Riviera Cruises

ISLAND PRINCESS &  
PACIFIC PRINCESS

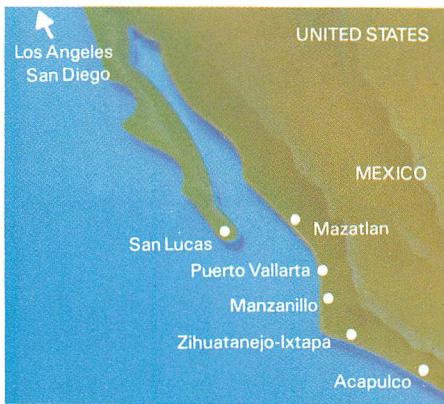

9 AND 10 NIGHT HOLIDAYS  
SEPTEMBER 84 - MAY 85 AND SEPTEMBER -  
DECEMBER 85

The Mexican Riviera is a study in contrasts. A unique blend of Spanish and Aztec cultures. From the electric excitement of Acapulco to the sleepy charm of Zihuatanejo. Nowhere is that contrast more pronounced than in Acapulco. From the death-defying divers of the Quebrada cliffs to the dynamic nightlife of the city that never sleeps, you'll always remember the glittering spectacle of the pearl of the Mexican Riviera.

No one offers you more of the Mexican Riviera in a week. With convenient Saturday departures. Choose from three different cruise itineraries sailing from Los Angeles, San Diego or Acapulco. Step aboard and cast off your cares. There's a land of sunshine and smiles waiting south of the border, and there's no better way to get there than on a Princess.

## PRINCESS RIVIERA

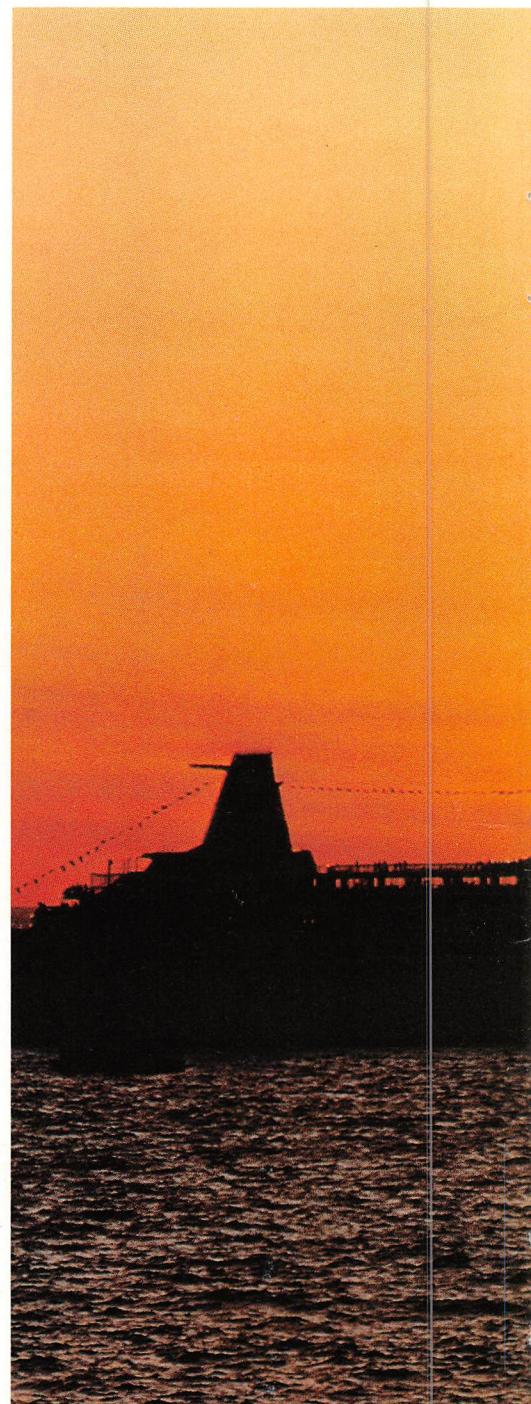

**ZIHUATANEJO**, a former fishing village, nestles peacefully amid wooded hills and rocky crags. A short trip up the coast will bring

you to the paradise beach resort of **IXTAPA**, where the curling ribbon of bleached white beaches and emerald palm trees await your pleasure.

You'll be delighted with the unspoiled charm of **MANZANILLO**, whose narrow crowded streets spill out into its enchanting main square. There are miles of empty beaches to discover and lagoons ringed with luxuriant vegetation. Or take a meandering walk through the grounds of Las Hadas, the dream hotel, with unusual architecture and magical gardens.

Back in the early sixties, celebrities put **PUERTO VALLARTA** on the map. Since then the little town with its white stucco houses, splashed with the tropical colours of bougainvillea and jacaranda, has blossomed into its own celebrity. You'll find its cobble-stone streets and red roofs inviting you to browse and brunch in its cafes and shops. Pick up some native jewellery, or choose a distinctive article of clothing. You'll find everything from hand-embroidered shirts and blouses to haute couture at amazingly low prices.

After the old-world charm of Puerto Vallarta, **MAZATLAN** stands in modern contrast. But amidst the bustle of the city you can still take the arana, the two-wheeled horse carriage, for a leisurely ride along the coast roads. Spend an afternoon on one of the beaches or take advantage of the excellent shopping. Don't forget El Faro, the tallest natural lighthouse in the hemisphere. From its pinnacle, you can see what makes Mazatlan the "Sportfishing Capital of the World".
